German Market

Germany is one of the main markets of betting and gambling industry in Europe. It is a semi-regulated market that currently works under MGA licence. Though the regulation process is in progress since 2012, there is no German licence for betting and gambling operations yet.

Licencing

BetConstruct has started to provide services in Germany through our MGA licence since 2017. There is a 5% betting tax on each stake for the German residents. With BetConstruct's MGA (Malta Gaming Authority) licence, operators can deliver B2C services in Germany.

Partner Solutions

The following partnering options are possible in the region:

White Label Solution

BetConstruct's White Label solution comes under Maltese, UK, Curacao and French licences. It is integrated with over 400 payment systems and comes with 24/7 support.

Turnkey Solution

Our Turnkey Solution comes with 24/7 support to help you operate hassle-free under your own licences. You can benefit from the whole spectrum of our betting and gaming products.

Partner API Solution

Our partners can make the most of our robust API solution. Through this solution you can integrate our betting and gaming products into your platform.

Swarm API Solution

BetConstruct's Swarm API solution gives an opportunity to connect and get sports and game data right into your custom frontend.

Partner Solutions

The following partnering options are possible in the region:

Full Package (White Label and Turnkey solutions)

BetConstruct offers a full package of our products and services to start your gambling business without any hassle. Among the products are our award-winning Sportsbook, powerful Casino Suite, one-of-a-kind Live Casino Software and much more.

CASINO SUITE

For the Asian market, BetConstruct offers more than 6,000 slot games for web and over 4,500 for mobile from major game developers such as Microgaming, NetEnt, EGT, YggDrasil, Play'N GO, ORXY, to name a few.

In-House Slots

BetConstruct offers in-house HTML5 casino slots available on multiple channels that have engaging interface, powerful graphic solutions and intuitive navigation.

Branded Slots

Operators are granted a unique opportunity to offer their players their own branded slot games. We implement the latest technologies to achieve the best results.

Slotbuilder

BetConstruct provides a robust platform for the operators who want to build custom slot games on their own by uploading the design into the slot machine and customizing the sound.

LIVE CASINO

BetConstruct's Live Casino offer includes 3 solutions: Generic tables, Dedicated tables and online setup for land-based casinos. For the Asian market, currently, we offer live casino games from various 3rd party providers such as NetEnt, Evolution Gaming, Portomaso, etc.

Generic tables

BetConstruct Live Casino generic tables include Baccarat, Speed Baccarat, Super Six Baccarat, Roulette, Blackjack, Bet on Poker and specific Asian games such as Dragon Tiger and Bet on Teen Patti. The games are played at 33 tables and broadcasted in 6 languages.

Dedicated tables

Our partners get an exceptional offer to have their branded live casino tables or even dedicated halls as our partner FashionTV Gaming Group does. The partners can also benefit from our bonuses and live promotions customized to their requirements.

Online solution for land-based casino

BetConstruct has a great solution for the land based casinos to have an online presence, too. All they need is a live casino table in their casino, the configurations and setups are covered by BetConstruct for the seamless gaming experience.

POKER

Online Poker software is built in an intuitive and user-friendly manner to ensure superb gaming experience for the players. It's a single environment that comes with multiple products including games such as Texas Hold'em, Omaha, Short Deck Hold'em.

- Configurable table, cards face, deck and background
